8" Starter Kit -Cues Style Grit Wheels

General Information:

The 8" Starter Kit | Cues Style, includes everything you need to be up and running plug and play with new Grit Wheels on your Cues CPR, WTR, SPR2 or LAMP 2 Transporter / Lateral Launcher. The starter kit includes six Cues Style Hub Adapter Sets for 8" pipe, and six Grit Wheels. Once you own a starter kit, all you will ever need to purchase again are replacement wheels for \$97 each. Keep in mind, if you already own Cues hub adapters, you do not need to purchase this kit, all you will need are Grit Wheels.

When choosing a camera transporter for inspecting your sewer pipelines, one thing you must consider is the cost of ownership. Repair cost can be daunting, regardless of the brand, so it is important that you aren't eroding your margins with costly replacement wheels. At TruGritTraction.com we understand this, and strive to provide quality American-Made camera transporter parts at an affordable cost. Reducing your cost of ownership

KIT:
CSK-8QC-TG: \$1,302

WHEELS
TM-8QC-TG: \$97.00 ea

-The Grit Carbide Grit Camera Crawler Wheel, is the world's first Polymer Carbide Grit Hybrid wheel designed to provide maximum pulling power in all pipe types and conditions. Using Patent Pending Grit Polymer Carbide Technology, we have developed the most innovative aftermarket traction wheel available for the CCTV sewer inspection industry. The Grit has the unique ability to provide the traction needed for varying pipe types and conditions, yet still provides the flexibility needed to traverse through obstacles without damaging the pipe; this is what sets it apart from the common steel carbide grit wheels on the market today
